

STUDENT-ATHLETE CONSENT FORM

Participation within Canadian Collegiate Athletic Association (CCAA) is a privilege that requires full compliance with CCAA regulations, including CCAA Eligibility, Code of Ethics and Drug Education & Control Regulations. Student-athletes are responsible for obtaining these regulations from their coaches and/or Athletic Director and to inquire how their respective circumstance relates to each.

ELIGIBILITY REQUIREMENTS & CODE OF ETHIC EXPECTATIONS OF STUDENT-ATHLETES:

It is critical that student-athletes familiarize themselves with the CCAA Policies and Procedures entitled "Eligibility" and "Code of Ethics". Student-athletes are responsible for obtaining these rules from their coaches and/or Athletic Director and to inquire how their respective circumstance relates to CCAA eligibility requirements and code of ethic expectations. This is important, as student-athletes need to be aware that those who participate in CCAA competition and are found to be in violation of these policies, among other sanctions, forfeit their eligibility for the remainder of the current competitive year and may be suspended in the subsequent year of eligibility.

USE OF BANNED OR PROHIBITED SUBSTANCES OR METHODS:

CCAA is unequivocally opposed to the use by student-athletes of any banned or restricted substances or methods in contravention of the rules of the national and/or international sport federations, the International Olympic Committee or Fédération Internationale du Sport Universitaire. CCAA is equally opposed to any encouragement of the use of such substances and methods by individuals in positions of leadership in amateur sport (i.e. coaches, medical practitioners, sport scientists, administrators, team managers, etc.) or by the student-athletes themselves. Any student-athlete who has been proven through appropriate and due process to be in contravention of the rules of CCAA and/or the respective National and/or International Sport Federation will be suspended from all CCAA competition, including Conference and non-Conference play as per CCAA policy.

COLLECTION, USE AND DISCLOSURE OF INFORMATION:

In consideration of being permitted to participate in the CCAA, student-athletes allow the CCAA to collect and disclose personal information for the following circumstances:

- Administration and registration of student-athletes wishing to participate in CCAA sanctioned events organized by athletic personnel associated with the CCAA.
- Administering its Drug Education and Testing Program, the CCAA discloses personal information of student-athletes to the Canadian Centre for Ethics in Sport.
- Via CCAA and SIRC websites and publications for the purpose of recording and honouring student-athletes for athletic and academic excellence through awards and other honours.
- Publishing of sporting event programs.

Subject to the following paragraph, I understand that the provision of the personal information contained in the Eligibility Forms, Standardized Team Roster, Medical Forms and Award Forms constitutes my consent to such information being used and disclosed in the manner provided for above. I also understand that CCAA is responsible only for information that is in its custody or control and that any information collected, used or disclosed by or under the control of a member of CCAA or any other organization is subject to the privacy practices and procedures of that member or organization, as the case may be.
